Portable 5 Gallon 305 4-Way Fogger

MODEL # 950701

OVERVIEW

The Portable 5 Gallon 305 4-Way Fogger is a damp mist sprayer that uses compressed air (29.5 CFM @ 80 PSI) and venturi action to draw ready-to-use chemical solution from a user-supplied chemical pail on the stainless steel cart and project it up to 25 feet in 4 directions. The adjustable output sprays mist (fog) into the air to cover exposed surfaces and penetrate hard-to-reach areas. This unit features a telescoping mast and can also be used as a 2-Way fogger.

Key Features

- Atomizes and sprays chemical solutions using only compressed air
- Venturi action draws pre-diluted chemical from a user-supplied container
- Projects up to 25' in 4 directions
- Ball valves on two fogger bodies allow for conversion to 2-Way fogging for narrow areas
- Damp fog (mist) fills the air and covers exposed surfaces with chemical, including hard-to-reach areas
- *Optional* metering tips can reduce chemical usage and output wetness
- Variable height adjustment up to 80"
- Chemical resistant polypropylene and stainless steel construction ensures durability and years of outstanding performance
- Available with stainless steel fogger bodies (#950701-SS)
- See Catalog 7 for hand held, permanently mounted and portable foggers
- Use the Lafferty Fogger Planning Tool to design the optimal fogging system for any facility

Includes

- All stainless steel 2-wheel cart with non-marking tires
- Stainless steel, round, 5 gallon jug rack (square optional)
- Stainless steel, adjustable height fogger pole
- (4) Machined polypropylene fogger bodies
- (2) Air ball valves
- (4) Metering tip holders
- (2) 10' chemical suction tubes and strainers

OPTIONS

Square Jug Rack Conversion

Specify Round or Square Jug Racks at time of order

For Lighter Fog Use Metering Tips (4 Sets)

Metering Tips-Color Coded (10 Smallest)	# 443794

5 Gallon Pail

Pail, 5 Gallon Round W/ Suction Stem	# 709105

Optional Check Valves to Keep Tubes Primed

Check Valve, Chemical, PP(W), 1/4" (EPDM)	# 491401

APPLICATIONS

- Sanitizers
- Agriculture/Horticulture
- Animal Health
- Dairy
- Food & Beverage
- Hatchery
- Industrial
- Janitorial/Sanitation
- Odor Control
- Pharm/Bio
- And Many Other Applications!

REQUIREMENTS

Ready-to-Use Chemical Solution

Compressed Air	up to 29.5 CFM @ 80 PSI
Minimum Air Supply Line	1/2"
