

# Portable 20 Gallon Small Area Cleaning System (SACS)

MODEL # 975360

## OVERVIEW

The Small Area Cleaning System (SACS) is a self-contained low volume Foam/Rinse/Sanitize cleaning system for multiple chemical applications. This convenient system uses a re-chargeable gel battery and 12V pump to draw fresh water from the 20 gallon tank and create the pressure to run the system. It uses precision metering tips to accurately dilute two chemical concentrates from the attached jug rack and projects one chemical as wet foam, a second as a fan spray, and rinses. Perfect for precision cleaning in small areas where water pressure is unavailable.

## Key Features

- Completely self-contained Foam, Rinse, Sanitize system
- Powered by a rechargeable 32 amp hour gel battery and 12V pump (2+ hour run time)
- Applies chemical as wet clinging foam or a fan pattern spray, and rinses
- Combo gun makes it easy to switch between foam and spray nozzles
- The adjustable Bullet Foam Nozzle projects foaming chemical in a fan pattern or narrow stream
- Spray nozzle rinses and/or applies chemical in a fan pattern
- No chemical flows through the pump
- Dilutes chemical concentrate on demand using water from the tank
- Micro-Flow Injector restricts water flow to maximize run time per tank
- Change chemicals by swapping concentrate bottles
- Wide-mouth, fully emptyable, polyethylene water tank
- Unique machined polypropylene suction lids prevent spillage from chemical bottles

## Includes

- All stainless steel 4-wheel cart and pump/battery enclosure
- Non-marking tires with stainless steel swivel casters
- 2 stainless steel jug racks (round jug racks standard, other options available)
- 2 jug lids with suction tube strainers
- 12V pump with battery, battery level indicator, and low voltage disconnect
- Onboard battery charging station
- 20 gallon, wide-mouth, fully emptyable, polyethylene water tank
- Machined polypropylene Micro-Flow Injector Body
- 10 color-coded precision metering tips to set dilution ratios
- 15' heavy duty, high pressure hose, with bend restrictors and swivels, and a foam/spray combo gun

## OPTIONS

### Alternate Chemical Check Valve - Viton Standard

Check Valve, Chemical, PP(W), 1/4" (EPDM) # 491401

## APPLICATIONS

- Supermarkets
- Restaurants
- Restrooms/Locker Rooms
- Agriculture/Horticulture
- Animal Health
- Dairy
- Hatchery
- School Hygiene
- Industrial
- Janitorial/Sanitation
- Pharm/Bio
- And Many Other Applications!

## REQUIREMENTS

### Foaming & Sanitizing Chemical Concentrates

#### Water to Fill Tank

Water Usage Rates:

|          |         |
|----------|---------|
| Foam     | 0.5 GPM |
| Rinse    | 1.5 GPM |
| Sanitize | 0.5 GPM |

**Hose** 3/8" x 15'

#### Nozzles

|          |                        |
|----------|------------------------|
| Foam     | #10 Bullet Foam Nozzle |
| Rinse    | 2510                   |
| Sanitize | 2510                   |
