4-Hole Nozzle W/ QD Plug

MODEL # VC-1016

OVERVIEW

The 4-Hole Nozzle creates a powerful and focused water stream for effective rinsing. It quick connects to the stainless steel ball valve or standard garden hose gun for any city water pressure Compact Airless Foamer or Sprayer.

APPLICATIONS

- Agriculture/Horticulture
- Animal Health
- Vehicle Wash
- Food & Beverage
- Industrial
- Janitorial/Sanitation
- Pharm/Bio
- Supermarkets
- And Many Other Applications!

SPECIFICATIONS

Compatible with quick-disconnect socket for city water pressure Compact Airless Foamers and Sprayers (and variants).

The 4-Hole Nozzle is strongly recommended for rinsing with the stainless steel ball valve.
