

1-Way Lock Box FPS Transfer System

MODEL # 941601-LB

OVERVIEW

The 1-Way Lock Box FPS Transfer System is for filling any sized container with chemical concentrate or ready-to-use solution. The Lock Box model features a lockable, stainless steel mounting enclosure to protect the pump and air regulator. Compressed air powers a FloJet air pump which draws chemical from the drum or tote and dispenses it through a 15 foot discharge hose and trigger gun. This unit uses a ball valve as the on/off control for the pump.

Key Features

- Stainless steel enclosure protects the pump and air regulator from abuse, and prevents unauthorized tampering when a user-supplied padlock is added
- Safely transfers chemicals from bulk containers into any other container or cleaning equipment tank
- Transfers chemical concentrate or ready-to-use solution
- Requires only compressed air to operate
- The convenient positive shut-off trigger gun prevents the unit from running unattended
- Chemical resistant wetted components ensure years of outstanding performance with minimal maintenance
- See transfer systems for up to 5 chemicals and other chemical management systems in [Catalog 9](#)

Includes

- Stainless steel mounting enclosure with lockable door clasp
- Air regulator and air pressure gauge
- FloJet AODD Pump with Santoprene diaphragms
- 15' chemical pickup tube and discharge hose
- Polypropylene trigger gun with stainless steel and EPDM internal components

OPTIONS

Stainless Steel Hose Racks

Small Stainless Steel Hose Rack # 224145

Drum & Tote Stick Lengths & Seal Materials

Drum Stick, 33" (Viton or EPDM)	# 491643 / 491643-E
Drum Stick, 48" (Viton or EPDM)	# 491648 / 491648-E
Drum Stick, 54" (Viton or EPDM)	# 491645 / 491645-E
Tote Stick, 33" (Viton or EPDM)	# 491653 / 491653-E
Tote Stick, 48" (Viton or EPDM)	# 491654 / 491654-E
Tote Stick, 54" (Viton or EPDM)	# 491656 / 491656-E

Alternate Seal Materials - Santoprene/EPDM Standard

Upgrade: Viton Air Pump & Viton Trigger Gun # 941600-VT

Upgrade: Kalrez Air Pump & Viton Trigger Gun # 941600-KT

Alternate Hose Discharge

Upgrade: Stainless Steel Ball Valve # 941600-X

REQUIREMENTS

Chemical Concentrate or Ready-to-Use Solution
Compressed Air up to 4 CFM per pump

APPLICATIONS

- Filling Floor Scrubbers
- Agriculture/Horticulture
- Animal Health
- Vehicle Wash
- Dairy
- Food & Beverage
- Hatchery
- Industrial
- Janitorial/Sanitation
- And Many Other Applications!
