# **612 Compact Fogger**

MODEL # 950000-B

#### **OVERVIEW**

The 612 Compact Fogger is a damp mist sprayer that uses compressed air (1.2 CFM @ 80 PSI) and venturi action to draw ready-to-use chemical solution from the attached bottle and project it up to 6 feet. The adjustable output can wet surfaces at close range or spray mist (fog) into the air to cover exposed surfaces and penetrate hard-to-reach areas. The low CFM requirement of this unique fogger allows it to be used with smaller consumer-grade air compressors.

#### **Key Features**

- Portable hose-end fogger makes it easy to fog hard-to-reach areas or where fixed location foggers are impractical
- Easy to use! Just fill the bottle, connect compressed air, and press the thumb gun activator
- Atomizes and sprays chemical solutions using only compressed
- · Low CFM requirement allows for use with small or large air compressors
- Low volume output is ideal for precise chemical application and fogging in small areas
- Venturi action draws pre-diluted chemical from the attached
- Projects up to 6'
- Damp fog (mist) fills the air and covers exposed surfaces with chemical, including hard-to-reach areas
- Fog/mist can be adjusted: Included metering tips can reduce chemical usage for "drier" output; or an optional needle valve can reduce air flow for "wetter" output.
- Lightweight 32 oz bottle reduces wrist and arm fatigue as well as the risk of repetitive strain injuries
- · Chemical resistant components ensure durability and years of outstanding performance
- Lid color options help identify equipment to enhance safety (blue standard - red, yellow, or green optional)
- See Catalog 7 for hand held, permanently mounted and portable foggers
- Use the Lafferty Fogger Planning Tool to design the optimal fogging system for any facility

#### **Includes**

- Thumb gun
- Machined polypropylene fogger body
- Metering tip holder
- 5 color-coded precision metering tips
- 32 oz wide-mouth, polyethylene bottle

## **OPTIONS**

### Stainless Steel Hose Racks

Large Stainless Steel Hose Rack # 224150 Small Stainless Steel Hose Rack # 224145 **Proportioning / Filling Options** 1-Way Ball Valve Mixing Station (4 GPM) # 985100 1-Way Push Lever Mixing Station (4 GPM) # 981100

**Additional Bottles** 

Bottle, 32oz (Includes Solid Lid) # 709082

Air Compressor

Makita® MAC700 (120V, 3.8 CFM @ 40 PSI) # 710502

To Regulate Incoming Airflow

Needle Valve, NPB, 1/4" FM # 660797

# **REQUIREMENTS**

Ready-to-Use Chemical Solution

up to 1.2 CFM @ 80 PSI **Compressed Air** 

Minimum Air Supply Line 3/8"

# **APPLICATIONS**

- Disinfectants
- Sanitizers
- Insecticides
- Agriculture/Horticulture
- Animal Health
- Dairy
- Food & Beverage
- Hatchery
- Industrial
- Janitorial/Sanitation
- Military
- Odor Control
- Pharm/Bio
- And Many Other Applications!
