

Easy Brush Low Volume Ultimate Wash System

MODEL # BLU35

OVERVIEW

The Blue Mule Easy Brush Low Volume Ultimate Wash System is a foam and rinse station with multiple attachments. This venturi injection system draws chemical concentrate from any sized container, mixes it with water and projects the accurately diluted solution as wet clinging foam through a brush foamer, or an adjustable foam nozzle. Remove the quick connect foam brush or nozzle and adjust the ball valves to rinse using a spray gun. Mount anywhere 50-125 PSI water is available. Foam continually flushes debris from the bristles. Great for jobs that require scrubbing with a soft touch. The soft bristled brush is suitable for use on paintwork and other delicate surfaces.

Key Features

- Creates a low volume of wet, clinging foam which increases chemical contact time and effectiveness
- Switch between foaming and rinsing attachments using heavy-duty quick connects
- The professional quality, soft bristle brush will not damage paintwork or other delicate surfaces
- Foam continually flushes debris from the bristles to get the job done right the first time
- Adjustable fan pattern foam nozzle for wide coverage or longer foam throw
- Turn the foam on and off at the handle
- Machined injector body, not molded - Built to last!
- Dilution ratios controlled with precision metering tips
- Close the chemical valve and attach the spray gun to rinse
- Draws chemical concentrate from any container
- Connects to any garden hose
- Available with a rough brush for tougher cleaning tasks

Includes

- Machined polypropylene injector body with suction tube, check valve, and strainer
- 20 color-coded metering tips for setting dilution ratios
- 3/8" ID x 50' discharge hose with ball valve and stainless steel quick connect socket
- Quick connect 44" rubber coated handle, stainless steel foamer body and soft bristle brush
- Quick connect, machined polypropylene foam nozzle
- Quick connect rinse spray gun

Stainless Steel Hose Racks

Large Stainless Steel Hose Rack # 224150

Stainless Steel Jug Racks

1 Gallon Round/Square # 224200

1 Gallon Round/Square Locking # 224200-L

2 ½ Gallon (8 ½" x 10 ½") # 224210

5 Gallon Round/Square Locking (12" x 12") # 224214

5 Gallon Round/Square (12" x 12") # 224215

Safe Flow Lid™ for 1 Gallon Jugs

Lid, Suction Tube, and Strainer # 709101

For Tougher Cleaning Jobs

Foam Brush Head, Stiff Bristle # 535102

Alternate Check Valve - EPDM Standard

Check Valve, Chemical, PP/Viton, 1/4" # 491315

REQUIREMENTS

Chemical Concentrate

Water

Temperature up to 160°F
 Pressure 50 to 125 PSI
 Flow 0.45 GPM @ 50 PSI
 Supply Line 1/2"

Hose

3/8" ID x 50'

Nozzle

Easy Brush Foamer or #10
 Bullet Adjustable Foam
 Nozzle

Dilution Ratio Range

103:1 to 4:1 @ 50 PSI

APPLICATIONS

- Vehicle Washing
- Equipment Maintenance
- Floor Scrubbing
- Truck Bed Cleaning
- And Many Other Applications!
